

# Architectural Antiques from Europe

Architectural Global Network has just formed an alliance with an exquisitely experienced buyer who is travelling to Europe to shop for us every 5 weeks. She will also be sourcing items from your wish list. Many of the extraordinary Architectural Antiques she discovers will be appearing here in about 4 weeks. Meanwhile, do let us know what is on your wish list and we'll locate it for you.

One common item we are concentrating especially on sourcing is Wainscoting.  
What else would you like us to source for you?

**Coming soon!**
